No.	Sensor name	Description	Image of logic	Picture of real	Application with img	Pinout with img	graphics img	Techinical details	code with image	project list	similer	FAQ	Purchase	2D cad file	Compatible boards	Library	Youtube video
1	Ultrasonic																
2	LDR																
3	LM35 Temprature																
	PIR motion																
5	RF module																
6	pressure																
7	RFID																
8	alcohol																
9	buzzer																
	Humidity DHT11																
	soil moisture																
	Gas sensor																
13	joystick																
	Servo																
	rain water																
	Pulse																
17	Tri color led (RGB)																
	Flex sensor																
	Potentiometer																
	water level																
21	DC motor																
	Relay module																
	LED																
24	Laser Module																
25	sound detection sensor																
26	bluetooth																
27	vibration motor																
28	capacitors																
29	switch																
30	IR sensor																
31	Acceelerometer																
	BREADbord																
	Resisitor																
	flame sensor																
35	8*8 Dot matrix																
	Stepper motor																
	RTC																
	Battrey																
39	Capcitive Proximity sensor																
	Rotary encoder module
